

providing he doesn't fall down in his academic work. Under the circumstances, I again repeat, I am interested in the game. You fellows have the big men out West and in the far West and in the South. You have had similar situations, and I know you are not pleased with them. It is just as Mark Twain said some years ago, we all talk about the weather, but nobody does anything about it. So I say if a committee can be appointed to do some constructive work, I sincerely hope something can be done about it.

CHAIRMAN RUBY: We must close this meeting in about two minutes.

MR. TEBELL: I would like to see the center jump retained. I think it is a feature of basketball that helps the game.

I think one thing that might help solve the problem is to rotate the jump. In baseball, you rotate the hitters. In volleyball, you rotate the servers, and so on. There is no reason why we shouldn't rotate the center tip. It wouldn't be hard to provide a method of keeping a check on who turned the jump. I think in that way you would at least keep the ball your share of the time and the tip your share of the time.

CHAIRMAN RUBY: All right. This has been a part of our discussion. Tomorrow we will vote on all of these points and possibly others that are brought up, and we will try to keep it down to the minimum amount of discussion tomorrow. I will turn the meeting back to President Olsen.

(President Olsen resumed the chair.)

PRESIDENT OLSEN: Thank you, Mr. Ruby.

Let me make this further observation: Perhaps this discussion isn't as full or complete as we would have liked to have it. If some of you have some points to

make regarding rule changes, feel free to get in touch with Mr. Ruby or any of his Committee and talk to them about it. They are at your service, so to speak, and the more light we can have on these various changes, the better. We want to maintain, if we possibly can, the reputation which this Association has for being sane and sensible in its thinking regarding basketball.

(Announcements.)

PRESIDENT OLSEN: I will now entertain a motion for adjournment.

(It was regularly moved, seconded and carried that the meeting adjourn. Adjournment at five forty-five o'clock.)

THE reports on basketball in the various sections of the country have been omitted from this issue; also the report of a scientific study of free throw performance by W. S. Chandler of Marquette University. It is contemplated that these will be published in the fall issues in the regular department devoted to the National Association of Basketball Coaches.

Requirements for Membership in the American Football Coaches Association

FROM time to time, letters have come to the Editor asking for information relative to membership in the American Football Coaches Association. For the benefit of all football coaches, a transcript of as much of the constitution of this organization as relates to membership is published here.

MEMBERSHIP

ARTICLE IV

Section 1. There shall be three classes of membership: Active, Allied, and Honorary.

Section 2. Active membership. Coaches from colleges requiring fourteen Carnegie units for entrance and who are actively engaged in (or directly associated with) the profession of football coaching and who have been so engaged or directly associated with for a period of three years and who are otherwise acceptable to the organization shall be eligible for active membership; and each active member shall have the privilege of one vote.

Section 3. Allied membership. Any individual who has been associated with football coaching at any institution of learning including junior colleges, normal schools, high schools and preparatory schools, for three or more years may be eligible for allied membership, regardless of whether at the time he may be actively engaged in coaching. Members who have been active in or associated with football coaching in such institutions but who are no longer active or so associated are eligible for allied membership. Allied members may take part in discussions or debates and in general have privilege of the floor but shall not be entitled to vote.

Election of Members

Section 1. Application. Each applicant for any class of membership shall sign an application blank stating his desire and intention to become a member of the Association and to advance its best interests in every reasonable manner, and to accept as binding upon himself its Constitution and By-Laws.

Section 2. Election of candidates for membership shall be proposed and recommended by at least two members of the Membership Committee which shall refer the application to the Board of Trustees, the majority vote of the Board of Trustees being necessary to elect.

ARTICLE VI

The annual membership fee (Active and Allied classification) shall be Two Dollars (\$2.00) for allied members and Five Dollars (\$5.00) for active. Honorary members shall pay no dues, except in the case of those still engaged in active coaching.
